

What We Do: MOSAIC Policy Intelligence transforms Washington's complexity into clear, actionable intelligence for health system executives. We monitor, analyze, and influence federal policy and funding decisions that impact your bottom line.

1

Targeted Policy & Funding Intelligence

- Monitor bills, rules, budget actions, and agency guidance
- Deliver expert-written impact alerts
- Provide tech-driven federal funding research & procurement support
- Deliver in-depth regulatory analysis and response strategies
- Forecast upcoming regulatory moves

2

Strategic Advocacy & Relationship Management

- Map influence pathways from goal backward
- Coordinate Hill and agency engagement
- Draft bill language and regulatory text
- Activate public-private coalitions

3

Executive Advisory, Crisis & Reputation Support

- Produce board-ready briefs and decks
- Maintain detailed crisis-response protocols for investigations, funding threats, and reputational risks
- Provide messaging tied to Hill networks
- Provide 24/7 access to senior advisors for on-call strategic counsel

4

Precision Influence & Network Targeting

- Map decision-maker social graphs
- Segment high-leverage audiences
- Test narratives before launch
- Deliver multi-channel outreach to critical contacts

Intelligence → Advocacy → Executive Assurance → Precision Targeting
